Announcing our first set of plenary speakers

Networks 2021 Plenary Speakers
H. Russell Bernard & Albert-László Barabási
A conversation about our fields

At the first plenary of the main conference on July 5, [Dr. Bernard](#) and [Dr. Barabási](#) will talk about the intersections and the way forward for our field(s) at this first meeting of the two networks societies.

Problem with the timing of your scheduled talk?

We have published a preliminary schedule of [oral contributions](#), [lightning talks](#) and [posters](#). All speakers until May 17 at 8 pm EDT to [register their conflict with their assigned block](#). We will send out a more detailed schedule, including the exact time slot for talks, by May 24.

Early bird rates until June 1

Early bird rates will apply until June 1. Presenting speakers should register by June 7 to maintain their speaking slot. Registration gives you access to three weeks of activities, not including workshops, which require an additional fee.

Limited number of fee waivers

We will have a limited number of fee waivers available to students, post-docs, and others. Please fill out our fee waiver application. You will need to register (you can choose "pay later" if you are waiting to hear) and fill out the form by June 1.

[Fee Waiver application](#)

Networks 2021 is the first conference to combine the annual meeting of the [International Network for Social Network Analysis](#) (Sunbelt XLI) and the [Network Science Society](#) (NetSci 2021). This effort is led by the [Indiana University Network Science Institute](#).
